Votorantim Cement Trading

“A vessel loading or discharging cargo every other day”

We offer high-quality products and customized trading services to meet the needs of our customers, managing their entire supply chain—from loading to discharge port.

Votorantim Cement Trading specializes in maritime imports and exports of solid fuels, such as petcoke and steam coal, and **cementitious materials**, including clinker and cement, among other products.

Our comprehensive global shipping network includes shipowners and shipbrokers, providing our customers with access to the best integrated solutions—with the added benefit of a single commercial agreement that includes trading negotiations, contract management and maritime logistics.

Customer focus

Our Votorantim Cement Trading team is made of highly skilled and experienced professionals who are available at all times to meet the needs of our customers, by providing end-to-end service and customized solutions.

Experience

Our expertise is based on years of experience. We have a market intelligence database that is continuously updated to include the latest information from market research, market news and internal reports.
